fe20dw U. NELSON.

NOTICE.

TO SHIPPERS AND OTHERS.

THE UNDERSIGNED IS PREPARED TO TRANSport freight from Victoria, B. C., to

NEW WESTMINSTER, FORT YALE

And all Way Ports, as soon as the river is clear of ice, with the Steamers

WESTERN SLOPE & GERTRUDE.

Connecting with the

STEAMERS OF THE PACIFIC MAIL COMPANY

from San Francisco. All passengers and Shippers of Freight destined for the Upper Country will find it to their advantage to ship by the Pacific Mail Steamship Company, as the steamer Western Slope will make close connection with the above line at Esquimalt or Victoria and by shipping by the above line they will save time and money, as the goods will only be handled once from the time they leave San Francisco till they reach their destination.

THE STEAMER GERTRUDE, 301 TONS

Gross tonnage, fast and powerful, fitted with eight water-tight compartments, and light draft.

THE WESTERN SLOPE, 831 TONS

Gross tonnage, built expressly for the trade between Victoria and Fort Yale, fitted with large and powerful engine and boiler, also water-tight compartments and was launched last May, 1879.

Special attention is called of

CATTLE DEALERS AND RAILROAD CONTRACTORS.

The Western Slope is capable of carrying 175 head of cattle, in pens not exceeding 15 head in one pen.

From the 1st of April till the 1st of November cattle which will be taken through from Fort Yale or Hope to Victoria in from 9 to 13 hours without transhipment at New Westminster.

RAILROAD MATERIAL can be taken without transhipment at New Westminster of any size or weight that may be shipped here by ocean steamers or sailing vessels.

BOUND FOR THE SKAGET GOLD FIELD

By way of Fort Hope Trail, which is by far the cheapest and quickest route. The undersigned will carry passengers from Victoria to Fort Hope for $5, including 200 pounds of provisions or baggage.

Tickets can be had of E. B. Marvin, Wharf street. The Gertrude will run as soon as there is a passage through the ice.

From and after the 1st day of January Special Contracts can be made.

WEDNESDAY MORNING, MARCH 17TH, 1880.

L. P. FISHER, 20 and 21 New Merchants Exchange, is our authorized Agent in San Francisco.

ON STRIKE.

Our telegraphic dispatches convey to us the information that the miners, hitherto in the employ of the Vancouver Coal Company at Nanaimo, have refused to accept the announced reduction of wages and are now on strike. We are sure that the news will be received with regret, because the war of labor against capital will, to a certain extent, renew the stagnation of trade and dull times experienced during the unfortunate strike of the Wellington miners. To their credit, be it said, that the Wellington men have thus far declined to interfere in any manner with the existing trouble. The matter in no way concerns them. They have had their strike and, let us hope, profited by the experience and are now content to be able to put in a good day's work, receive reasonable remuneration and thus earn a livelihood for themselves and families. We are aware that there is much to be said in favor of the miner on the question of "thick and thin coal," but it is fair to presume that no employer of labor would announce a reduction in wages unless the condition of the market demanded it. It is accepted as an axiom throughout the world, and more especially in new countries, that the prosperity of a community is to a great extent proportionate to the rate of wages paid the laboring classes. If employers of labor are able to increase wages the fact may be taken as substantial evidence that the demand for the article they produce is in excess of the supply. If, on the other hand, a monetary panic or a depreciation in value, points to the fact that the more they produce the more they lose, remedies must be taken to ensure cheaper production. The battle of capital against labor has been fought over and over again, but it seems that the issues are interminable. It was hoped that in this instance masters and men would have submitted their differences for settlement by arbitration and it is to be regretted that they have not seen fit to adopt that course. By reference to our telegraphic dispatches it will be observed that the inquest held on the disastrous fire, which resulted in the destruction of the Vancouver Coal Company's machine shops and store houses on the morning of the 11th inst., entirely dissipates the report that the conflagration was the work of an incendiary. This is a matter for congratulation because, under the circumstances, it might have been insinuated that the incendiarism had been perpetrated out of a spirit of revenge. We do not believe, however, that an employé of the coal companies, no matter to what extent he might be aggrieved, would resort to any such malicious deed. It could not possibly benefit him, but might tend to prolong a stagnation of business. We do not know whether it is now too late, but in the interests of Nanaimo and for the welfare of the miners, we would counsel both parties to deliberate coolly and moderately on the situation before the breach is widened. It will indeed be lamentable if, just as the long expected era of prosperity is dawning, the country should be found involved in intestine strifes which might be easily tranquilized if the proper means were only adopted.

MARINE MATTERS.

The casualties to British, Canadian and foreign sea-going vessels reported to the Department of Marine and Fisheries as having occurred in Canadian waters, and to Canadian sea-going vessels in waters other than those of Canada, during the year ended the 31st December, 1879, were 368, representing a tonnage of 148,181 tons register, and the amount of loss, both total and partial, so far as ascertained, was $3,390,876. The number of lives lost in connection with these disasters was 281, viz, 32 in Canadian waters, and 249 in waters other than those of Canada. The disasters reported to the Department as having occurred to vessels on the inland waters of Canada were 50, representing a tonnage of 11,577 tons register. The amount of loss sustained is estimated at $110,585. The number of lives reported lost was 40. The total number of casualties reported to the Department as having occurred during the calendar year to sea-going and inland vessels, was 418, and 321 lives were reported lost in connection with them. The aggregate number of tons involved in these disasters was 159,758 tons register, and the total amount of loss, as far as has been ascertained, including both vessels and cargoes, was $3,501,461. This amount includes partial loss of vessels and cargoes. In this Province on the 30th June last there were 14 licensed pilots, eight of whom were in active service; and no apprentices employed. The pilotage dues collected up to 30th June amounted to $10,413.28, and the total receipts were $11,510.06. Of this amount $9,173.29 was paid to pilots, and the sum of $1,824.18 was expended in payment of salaries of the Secretary and Treasurer's office, legal and other contingent expenses, leaving a balance to the credit of the Pilotage Authority of $512.59. A return from the abridged district of Victoria for the half year ending December 31st, 1879, shows that there are three licensed pilots and five certificated masters and mates in the district. The pilotage dues received for the six months amounted to $3,556.97, and the total receipts to $3,692.97, all of which was expended. The expenditure on account of maintenance of lighthouses, buoys and beacons in the Province during the year ended June 30th, 1879, was as follows: Beren's Island light, $768.73; Cape Beale light, $1,817.70; Entrance Island light, $1,058.12; Fisgard light, $1,082.95; Fraser River lightship, $3,447.74; Point Atkinson light, $1,081.70; Race Rocks, $2,475.72; buoys and beacons, $1,242.60. These items, together with contingencies, represent a total expenditure of $15,152.73.

Public Meeting at Cassiar.

A public meeting was convened in Laketown, Cassiar, on the 18th of January, inst., to take into consideration the case of William Kanahana, who was badly frozen in the hands and arms during the late severe weather while hauling freight on Dease River to Sylvester's Landing. Upon the meeting being called to order, Joseph Clearihue was appointed chairman, and R. Middelton requested to act as secretary. The following preamble and resolutions were then and there unanimously adopted:

Moved by George Thompson and seconded by W. Mashiter,—*Whereas* the Government of British Columbia in their wisdom have neglected to provide medical aid for the sick and afflicted, or an asylum for the destitute in the district of Cassiar:—

And Whereas William Kanahana is at present in Laketown, grievously afflicted, and in a dangerous condition with frozen hands and arms, and destitute of means, it is imperatively necessary in the cause of humanity that prompt action be taken in order to provide means to convey the said William Kanahana with the utmost dispatch to where medical aid can be obtained.

Be it therefore resolved, That a deputation, consisting of Messrs. Joseph Clearihue, Henry Thibert, John J. Ballantine, and T. DeNouvion, be now appointed to wait upon A. W. Vowell, Esq., G. C. & S. M., respectfully requesting him to have the said William Kanahana forwarded to Glenora Landing forthwith at the public expense.

The meeting now adjourned *pro tem.* to give the deputation an opportunity of preferring their request to the Gold Commissioner.

The Commissioner received the deputation with his usual urbanity, promising that the matter should have all due consideration; he, holding the opinion—and the deputation coinciding—*that immediate action was necessary*, being almost a matter of life or death, and that as soon as practicable the unfortunate man be sent where medical aid could be obtained, Glenora Landing, a distance of some 80 miles, being the only place in the district where a medical practitioner at present resides. The Commissioner, in his remarks, also complimented Messrs. Clearihue and Carson on the liberality shown by them in keeping the unfortunate man at their hotel free of charge while remaining in Laketon, he being as helpless as an infant, having to be fed and otherwise attended to.

Upon the return of the deputation the meeting was reorganized and the following resolutions passed: Moved by T. DeNouvion and seconded by Henry Thibert:—That the thanks of this meeting are due and are hereby tendered to A. W. Vowell, Esq., G.S. & S.M. for his kindly courtesy and prompt action in the extreme case now brought to his notice; and they further take this opportunity of assuring him that he enjoys their unqualified confidence in the performance of his many arduous duties.

Moved by C. Booth and seconded by A. Cameron: That three copies of the above proceedings be written out; one handed to the Gold Commissioner and the others to be forwarded to the Victoria *Colonist* and *Standard* respectively, with the request that the reports of the meeting be published for public information.

Upon a vote of thanks to the chairman the meeting dispersed.

(Signed) JOSEPH CLEARIHUE,
Chairman.

R. MIDDLETON, Secretary.

LAKETON, Dease Creek,
Jan. 20 1880.

TO THE EDITOR OF THE COLONIST;—The unfortunate man referred to in the report—who is a Kanaka named William Kanahana — was hauling freight from a cache on Dease River to Sylvester's Landing, at the time he was so badly frozen; nearly three weeks ago. He had got within twelve miles of Sylvester's Landing, when it is supposed that he became overpowered by the extreme cold, as he was found lying on his sleigh the following morning, almost lifeless, by Chas. Walker, who had started out from the Landing that day to search for him. Everything was done that could be, under the circumstances, for the poor fellow, but without any apparent benefit. The McDame's Creek people concluded that he had better be sent up to Dease Creek, and from thence forwarded to Glenora Landing, for what medical assistance could be procured. The cold at that time was intense on McDame's Creek and vicinity, the thermometer registering for days from 45°. to 58°. below zero, with a strong north wind blowing most of the time; consequently it was a difficult matter to find any one who would volunteer his services to haul the Kanaka up the river. Dick Glenn, however, undertook to bring him up to Dease Creek, making a quick trip — four days — under the circumstances, to Laketon. The unfortunate man was immediately taken to Messrs. Clearihue and Carson's hotel, where he received every kindness and attention from the proprietors. Too much praise cannot be given to Mr. Glenn for his action in the matter.

It is impossible to say, at the present moment, whether the Kanaka will lose his hands, or only a portion of his fingers, but it is to be hoped that his injuries will not be as serious as at present feared. The poor man was hauled on a sleigh from McDame's Creek to this place, lashed on like so much cargo and ran a risk of being frozen solid while making the trip, as the cold at the time was intense, the thermometer registering 54degs. below zero the morning of leaving the Landing. He left this a.m.—Tuesday 20th for Glenora Landing, per Booker's dog-team, and will have a comparatively pleasant trip—at least he will run no risk of being again frozen, as the weather has moderated very much, the thermometer registering this morning 10degs. above zero, with a mild south wind and bright sunshine.

Subscriptions were raised on Kanahana's behalf at McDame's, Thibet and Dease Creeks, to assist in defraying the expense of keeping him at Glenora.

During the late severe spell, a chinaman named Kum Chow, but better known as "Henry," who kept a restaurant on McDame's Creek last summer, while on his way from the above creek to Laketon, was frozen to death. As it was known amongst his friends here that he was on the river travelling, fears were entertained for his safety, and a party of his countrymen started down the river in search of him. They found him on shore, where it is supposed he had gone to make a camp, frozen stiff. The body was hauled to Laketon, and buried in the China quarter of the burial ground.

The present winter has been the coldest experienced in this district for the past three seasons. Cold weather set in unusually early this season. On the 25th of November Dease Lake was frozen over two weeks earlier than last year. From the 28th of November to the present date the thermometer—with two exceptions—has registered many degrees below zero. The average from the 28th of November to date has been 25° below zero. Appending are the figures for the month of January—below zero—as far as gone: Jan. 1st, 18°; 2nd, 27°; 3rd 32°; 4th, 23°; 5th, 29°; 6th, 45°; 7th, 42°; 8th, 43°; 9th, 46°; 10th, 45°; 11th, 45°; 12th, 44°; 13th, 40°; 14, 28°; 15th, 26°; 16th, 25°; 17th, 41°; 18th, 26°; 19th, 10°. The prevailing wind since the first of November has been north.

The cold was much greater both at McDame's Creek and Glenora Landing than we experienced on Dease Creek. Nearly everyone exposed to the cold during the late severe spell was more or less frozen. Noses, cheeks, fingers, ears and toes being treated in a most impartial manner by "Jack Frost." Several parties had their feet rather severely frost-bitten, but with one exception, not seriously; and that one—P. Connors—has already lost a portion of one of his great toes, with not, as yet, much indication of improvement. Owing to the terribly severe weather mining has been at a complete standstill for weeks, but preparations are now being made by the few claims that are workable to resume operations, both on Dease and Thibert Creeks. R. M.

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula Sores, Boils, Humors, Pimples, Eruptions Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and and often cures Liver Complaint, Female Weaknesses and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick anywhere. For sale by all druggists. 2dw

The Death-rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it, and often find too late that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had *Boschee's German Syrup* been taken a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, *Boschee's German Syrup* has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.

THE KAMLOOPS OUTLAWS ARRAIGNED FOR MURDER.

The Prisoners Counsel Takes Exception to the Jury.

FORTY JURORS CHALLENGED---THE PANEL EXHAUSTED.

Result of Governmental Incapacity.

[Exclusive Dispatch to The Colonist.]

NEW WESTMINSTER, March 16.

The Court Room was densely crowded by persons curious to catch a glimpse of the Kamloops outlaws and to hear the evidence in this remarkable case. The learned Judge informed the Grand Jury that one indictment against the McLeans which he was informed had been before them was not endorsed by the Foreman.

Mr. Ferris—That indictment was never before us, my Lord.

His Lordship—That is what I feared; that is what I thought.

The Grand Jury then retired and presently returned a true bill.

The Kamloops murderers, Allan, Charles and Archibald McLean and Alexander Hare were placed in the dock to answer to an indictment charging them with the murder of John Ussher. The prisoners were strongly guarded by armed special policemen. They seemed to have suffered somewhat from their long confinement, but were calm and collected. They pleaded "Not Guilty" in a low tone.

Mr. McCreight, Q. C., instructed by Harrison, appears for the Crown; Mr. Bole for Allan, Charles and Archibald McLean, Mr. Theo. Davie and Mr. Leggatt for Alexander Hare.

The following jury were empannelled: H. Hoy, W. Brander, F. Christopher, A. Ewen, F. Spillsbury, P. Manson, E. Schoullar, T. Brown, A. Melody, T. Ovens, W. Rae and P. Brodie.

Mr. Theo. Davie, on behalf of the prisoner Hare, handed in a written challenge against the jury array on the ground that the prisoners were not about to be tried in the vicinage, neighborhood or district of the crime, nor was the said array composed of men from the said vicinage, etc. To this challenge the Crown demurred.

Judge Crease—The plain point is: Can a man who has committed a crime at Kamloops be tried at New Westminster?

Mr. Davie—That is it. The Crown has admitted my position in the demurrer, not denying the truth of my allegation.

Mr. McCreight—We can alter the demurrer now.

Mr. Davie—Counsel for the Crown have put in a right to amend to which I object.

The Court allowed the amendment, which was made. It merely denied the truth of Mr. Davie's allegation.

Mr. McCreight—after a moment's reflection—I withdraw the denial.

Mr. Davie—The prisoners had no voice in changing the *venue* to New Westminster.

Mr. Justice Crease—The Court made no order changing the *venue*.

Mr. Davie—That I know, and I contend the Crown had no right to change it.

Counsel for the defence then proceeded to argue from Blackstone to show that no man should be tried except by a jury of his peers and neighbors. The test of the *venue* was the county, the lines of which had been defined by the legislature. The mere neglect of the legislature to define judicial districts should not affect the rights of the prisoner. Cooley on constitutional limitations laid it down that the jury must be summoned from the vicinage where the crime is supposed to have been committed and where the prisoner might easily secure the attendance of witnesses. Cooley further states that a change of *venue* cannot be obtained by the Crown.

Mr. Justice Crease—Is there no authority which states that the trial may take place within the jurisdiction of the Court?

Mr. Davie—I raise an objection to the jury, not to the jurisdiction of the Court, which extends all over the Province. My position is further sustained by Clarke on criminal law. Does the omission of the legislature to define judicial districts take away from him his constitutional right? The notice served on the prisoner on the 12th February last of the intention of the Crown to apply for a change of *venue* shows that the Crown then entertained the same opinion that I do now.

Mr. McCreight replied that there were two local Acts which upset the argument of his learned friend. These Acts gave the Supreme Court jurisdiction over the whole province. Suppose a crime was committed at Peace River how was a jury to be empannelled there? If the contention of Mr. Davie was correct then the execution of Indians brought from Barclay Sound and tried at Victoria was murder. It was true he (Mr. McCreight) had applied for a change of *venue*, but he did not deem such an order necessary and he got what he wanted—an opinion of the Court that an order was not required.

Mr. Justice Crease thought the prisoners would have had a short shrift if left to the Kamloops people.

Mr. Davie did not wish to be considered as insinuating that the men would not get a fair trial at New Westminster. The local acts did not repeal the common law rights of the subject. This was a preliminary step which he wished placed on record.

The Court over-ruled the demurrer and the petty jurors being called Mr. Bole made liberal use of the challenging power. Of forty-eight jurors called only eight were accepted when the panel was exhausted. E. Julian was challenged by the Crown because he was opposed to capital punishment. A *tales* was issued and the following jury thus obtained: Wm. Turnbull (foreman), F. S. Pillsbury, F. Christopher, F. L. Budlong, A. Coutes, Jos. Manayard, F. McLennan, F. Sparling, W. H. Buz, M. Grady, F. Forrester and L. E. Braden. After recess a fine of ten dollars was imposed on Chris. Lee for absenting himself when summoned as a juror was remitted, good cause for non-attendance being shown.

Mr. Harrison opened the case for the Crown, reviewing the facts the prosecution expected to prove, explaining the nature of the offences with which the prisoners were charged and claiming that an infant of fourteen years was responsible for his acts in the eyes of the law.

The first witness called was Wm. Palmer. He deposed: I am a stock raiser residing thirty-five miles from Kamloops; I had a black horse stolen about the 3d Dec. last; next saw the animal in the possession of Charlie McLean at the foot of Long Lake; Allan, Archie and Charlie McLean and Alex. Hare were all there; they had a horse belonging to McRae; Allan and Archie pointed their cocked guns at me; I said, don't shoot, I'm not after you; Allan said you had'nt better, we are after fetching the Moores to time and will kill any ——— who comes to arrest us; he asked why I rode up so fast? I said I wanted company; I dare not recognize my horse; I went to Kamloops and made complaints to Mr. Edwards, J.P., and he issued a warrant against the prisoners for stealing my horse; it was handed to Ussher; this was on December 6th.

DENNIS KEARNEY SENTENCED TO IMPRISONMENT.

[Exclusive Dispatch to The Colonist.]

SAN FRANCISCO, March 16—The Police Judge this morning sentenced Dennis Kearney to six months imprisonment in the House of Correction and to pay a fine of one thousand dollars. The magnitude of the sentence was a surprise to Kearney who expected to get off with nominal punishment. It is probable he will take the case to the Supreme Court on a writ of *habeas corpus*.

In passing sentence on Kearney the Judge said it was not his duty to punish the prisoner for similar offences in the past, but to confine himself strictly to the consideration of the present case. He would pass judgment without prejudice, feeling or vindictiveness; but the sentence imposed would indicate his estimate of the gravity of the offence He then passed sentence as above stated. Kearney received the sentence in silence, but his features expressed the utmost surprise and indignation. He had previously stated that he expected to get off with a fine of $20 or thereabouts, and after leaving the Court-room he freely expressed his anger and chagrin, denouncing the penalty as outrageous and claiming that he would beat it. Probably in expectation of a nominal sentence his counsel had neglected to demand a jury trial, and having no recourse in that direction, at once filed an appeal to the Superior Court, furnishing bonds in the sum of $3000. On the streets many expressions at Judge Rix's action are heard on all sides.

THE VANCOUVER COAL CO.'S MINERS ON STRIKE.

Inquest on the Recent Disastrous Fire.

[Exclusive Dispatch to The Colonist.]

NANAIMO, March 16—The miners employed by the Vancouver Coal Co. held a meeting yesterday of four or five hours' duration and have decided not to go to work at the reduced rates offered by the Company and are now out on strike. The miners have been busy all day removing their tools, etc., from the mines. Wellington miners have decided not to join in the strike. It is reported that the Douglas mine has been permanently shut down. Everything has a gloomy aspect since the strike has been announced.

The jury in the fire inquest, after careful consideration of the evidence, came to the verdict that the fire originated from cause or causes unknown. No blame was attached to any of the employés in the shops.

Condition of Affairs at Cassiar.

When the steamer Princess Louise left Fort Wrangel there were about 80 miners there awaiting an opportunity to proceed to the Cassiar mines. Several men had arrived from Telegraph Creek bringing word that there was a great scarcity of every description of provisions in that locality, and on receipt of this information those who had intended to leave for the interior resolved to await the arrival of goods from this city. The calculations of merchants have been somewhat upset by the detention of freight shipped on board the steamer California.

MARINE.—The ship Shirley, bound from Departure Bay for San Francisco with a cargo of Wellington coal, passed down yesterday in tow of the steamer Tacoma.... The ship Ericsson, 1646 tons, has been chartered at San Francisco to load coal at Departure Bay.... The American ship Paramínto, 1573 tons, is chartered to load coal at Nanaimo.... The steamer Gussie Telfar, formerly plying between here and Portland, broke three blades of her propeller on her last trip from San Francisco to Coos Bay.... The bark Stella, well-known at this port, has been chartered to load merchandise at San Francisco for Bremen.

THE steamer Maude left at 7 a. m. yesterday for Comox with the mails and the following passengers: Mrs. Furness, Miss Hetherington, Miss Evans, Miss Pleace, T. E. Peck, Richardson, S. Holmes, J. Aikenhead, W. J. Sutton, A. Pritchard, W. Chisholm, M. McKinnon.

A VALUABLE sewing machine will be raffled at The Grotto saloon this evening. Ticket-holders should be in attendance at 8 o'clock.

Skaget via Chilliwhack.

Appending will be found the official report of the party deputed to select the most suitable line for the construction of a trail from Chilliwhack to the Skaget gold region:—

We left Chilliwhack Landing on the 23rd of February, and were driven by sleigh over a good road to Kultus Lake. We got four Indians there and sent our outfit with them by canoe as far as Slesie Creek, a distance of 20 miles from Kultus Lake, and about 30 miles from Chilliwhack Landing. We camped on the 23rd six miles above Kultus Lake. The weather was very stormy on the 24th and only made four miles. On the 25th made eight miles and camped at Rock Salmon. On the 26th travelled eight miles and camped at Big Cedar. On the 27th camped at Big Log and only made four miles—snowing very heavily. On the 28th arrived at Summit Lake and camped. The lake frozen. Snowing very heavily—two feet in four hours. March 1st and 2nd still snowing. March 3rd crossed the lake and broke the trail and returned to camp. On the 4th packed up and crossed the lake and went up a creek to the southeast which we called Clear Creek. The prospects for a trail up this creek are good. We did not come across any obstacles for a trail. It was still snowing heavily, so that the new fallen snow stood five feet deep, and we could only make four miles a day, and as our grub would run short at this rate of travel we reluctantly returned. We prospected a route which would obviate crossing the lake, and found the north side to be practicable for making a trail. We had no difficulty in finding the old trail all the way from the blazes and even it could be followed by the depression in the snow. Our guide—Thompson Uslick—we found to be reliable in what he stated before he left, as far as we went. He stated that no good trail could be got by striking to the south by the Nesaquatch for that it was very rocky. Himself and his wife travelled from the Skaget to Summit Lake in one and a half days, and he states that a good pass exists *via* Chilliwhack to the Skaget without any rocks or precipices. He is of the opinion that should a good trail be opened a rider can go through to the Skaget from Chilliwhack in about one day. We arrived at Chilliwhack at noon to-day. We believe a trail *via* Summit Lake will be the best and shortest to the Skaget mines.

Sale of Lots at Emory City.

The first sale of lots at Emory City, the Western terminus of the Canada Pacific Railway in this Province, took place yesterday at the auction rooms of Messrs. J. P. Davies & Co., Wharf street. The attendance was numerous, the large rooms being filled to their utmost capacity, and the bidding throughout was spirited. The competition for several of the most eligibly situated lots was especally lively and at the fall of the hammer Mr. L. Lowenberg, representing foreign capital, was declared the purchaser. The highest price paid for any one lot was $550, but the average price was about $250 per lot. The result of the sale is considered entirely satisfactory and the fact of the investment of foreign capital, in addition to purchases made by those who have adopted the Province as their home, demonstrates a confidence in the future of Emory City which is thoroughly justifiable. It would be no matter of surprise to learn within the course of a few months that any one of the lucky speculators yesterday had bought himself suddenly rich.

DOGFISH OIL.—The annual report of the Department of Marine and Fisheries says that "at Race Rocks and Fraser River lights dogfish liver oil is used and gives great satisfaction, answering fully as well as the expensive Colza oil formerly used." This oil is drawn by the Skidegate Co., whose works are situated on Skidegate Island.

THE steamer Enterprise sailed at 8 a.m. yesterday for New Westminster with the mails and the following passengers, Mrs. Chas. Todd, Mrs. Clyde, Miss Fraser, Hon. P. O'Reilly, and Messrs. Holbrook, Fulton, Nelson, Hunter, Beer, Jeffree, Henderson, A. R. Robertson and others.

ENTERTAINMENT.—Mrs. Bushell will give another popular concert at Central Hall, View street, to-morrow evening. The programme, which has been very carefully drawn up, will comprise selections by the best local amateur talent. Admission 25 cents.

FOR FRASER RIVER.—The steamer Western Slope left here at 9 o'clock yesterday morning for Fraser river. Amongst her passengers were Messrs. S. Tilley, W. Humphrey, Heron, E. Thomas, Walker and 15 miners bound for Skaget *via* Fort Hope.

ILLUMINATED CARDS.—Messrs. M. W. Waitt & Co. have placed upon our table a variety of beautifully illuminated cards, appropriate to the Easter season.

ENGLAND.

LONDON, March 15.—In the House of Lords Lord Cranmer and Broune, Liberal Conservative, enquired whether it was not the duty of the Premier to take measures to stop meetings held with the avowed object of inciting tenants to the non-payment of their just debts. Beaconsfield said he thought it unnecessary to apply to parliament for fresh powers as he understood that anti-rent demonstrations were decreasing. The peace preservation act will expire shortly and the new parliament will either repeal it or if necessary grant fresh powers. His letter to Marlborough, as a letter from one lord to another, he said requires no explanation.

LONDON, March 15.—Lord Derby writes that he will in future rank himself among the Liberals. Hartington, in an address, repels the charge made by Beaconsfield that the Liberals are endeavoring to separate the colonies from England by a policy of decomposition.

LONDON, March 14.—The *Soprtsman* says: "So long a price as 100 to 1 being forthcoming against Parole for the Lancashire handicap his absence for the event may be counted upon as almost certain. Archer is mentioned as the jockey of Placide."

PARIS, March 15.—Milland and Vallier, radicals, take the place in the Senate of Jules Favre and Valentine, republicans. Supplementary elections for deputies for Narboune and Rambuillet resulted in the return of Labodie, extreme left, and Drefus, republican.

INDIA.

CABUL, March 13.—The general aspect of affairs is hopeful. No hostile gathering is known to exist in any quarter and the approaching agricultural season is likely to leave the people little leisure for war. The latest from Ghuznes indicates a strong likelihood that Mahomed Jan will submit and that his puppet, Moosha Khan, will be restored to his mother. Abdul Rahman Khan makes no sign. UNITED STATES.

NEW YORK, March 16—The Shanghai correspondent of the London *Times* writes reviewing the China market and prospects of trade. He says, except in a season of abundant depression in America, it is unlikely that the United States will be for many a long day a serious competitor with England in Asiatic or any other foreign market. The carrying trade of China tends to pass more and more into English hands and in the immediate future it is likely the whole of the river navigation along Zanjtse between Shanghai and river ports will pass under the British flag. The Clyde built iron river steamers which replaced old American wooden ones have proved, during the last few years, a great success. From the coasting, as well as river carrying trade of China, the American flag has departed, the only American steamers left being two or three men of war that are too unseaworthy to sail home. German interest both on shore and sea steadily declines and we English are left to share the trade, a most profitable one at times with Chinese. So far as regards China there is no lack of energy or enterprise among our merchants.

The Princess Louise.

(Toronto Globe.)

In another column we publish an extract from the London correspondence of the New York *Tribune*, in which it is asserted that the Princess Louise very reluctantly returned to Canada. The London letter of the *Tribune* is generally correct in its statements, and in this case his assertions are not improbable. No one can be astonished that Her Royal Highness should regret to leave the literary and artistic world of London for the comparative isolation of her life in Ottawa. The highly cultivated tastes of the Princess must necessarily cause her to feel a degree of intellectual starvation in a country which lacks artistic circles, because it has not yet developed a large leisured wealthy class. Canadians are not ashamed to acknowledge the deficiencies incident to their situation, and Mr. Smalley was widely astray in imagining that his revelations could produce irritation in the Dominion. We leave to the "Upper Ten" of New York the assumption of excessive cultivation. We can better afford to confess that we are not birds of brilliant plumage than to imitate the jackdaw who sticks peacock's feathers in its tail. The best hope for the future cultivation of art and literature in a new country may be founded on the cheerful recognition of its deficiencies. Why should Canadians feel sore because the Princess—having all her life known the fulness of existence in the old world, having possibly become an intellectual sybarite in some degree—feels with intensity the lack of beauty and delight in our workaday land? If a desire for more adulation, or mere splendour, or trivial amusement were charged against Her Royal Highness we should be indignant with some reason. But we can regret for her sake and our own that life in a new country is necessarily deficient in many noble pleasures that appeal to the cultivated intelligence.

It is no light sacrifice that one makes who gives up no more than the associations of home for a lengthy period at the call of duty. To be long an exile from one's country, from the familiar faces, the accustomed scenes, is to sensitive organizations a severe trial. English people are proverbially unhappy out of England, and Londoners above all never cease to regret the "sweet shady side of Pall Mall." Canada never had a Governor General who did not indicate, in spite of himself, a feeling that his term was one of banishment. Military men in Canada shared with pauper emigrants the sentiment that they were condemned to residence in a "beastly hole." Natives could afford to laugh at the objurgations of idle young subalterns as at the insolence of poor men who abuse the country that makes them for the first time acquainted with plenty. But if their protestations are pardoned as natural to people suffering from nostalgia, how is it possible to withhold sympathy from the Princess, suffering also from the keen craving for a fuller intellectual life?

We have always said that the visit of Her Royal Highness should be considered as an experiment. It was quite on the cards that she might insist on returning to England after a very short residence at Ottawa: if she remains two years the experiment must be considered a success; if she remains during the whole term of the Marquis she will have exhibited a very great deal of self-denial. All Canadians hope that she may give the highest proof of a capacity to sudordinate her likings to the claim of duty. For there can be no doubt that Mr. Smalley is correct in asserting that every year of her stay tightens the bond between "the Colony and the Crown." Her Royal Highness has already shown a degree of tact, a power of endearing herself to the public, which might be used to produce political results of the utmost consequence. The Princess might set herself to achieving a task worthy of the highest powers and the purest ambition. She need only be studiously and widely gracious to gain unlimited popularity, and we believe that by cutting adrift from all unnecessary ceremonial and living as the first Canadian lady she would at once find an interest to compensate her for all deprivations, and would get rid of the only really offensive society—that which assumes to be what it is not.

DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, removes pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretionsof the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne. *See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr J. Collis Browne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

THOS. RUSSELL, Water Commissioner and Accountant.

Victoria, B. C., 1st December, 1879.

Council Chambers, Victoria, 8th January, 1879.

To the Worshipful the Mayor and City Councillors:—

Gentlemen,—In presenting statements of receipts and expenditure, cash assets and liabilities, and ledger balance sheet, I have to direct your attention in particular to the expenditure of 1879. This expenditure, embracing 13 months, includes outstanding accounts for December, 1878, and arrears of previous months, amounting in all to $7,622 37. The Corporation books now contain all known liabilities to 31st December, 1879, therefore, the present Statement shows 13 months' general expenditure and some arrears.

The excess of liabilities as shown on 31st December, 1879, in the Statement of cash assets and liabilities being $3,138 25 only, and the excess of payments during the year $7,622 37, it follows that your affairs are in a sound condition, as without such payments there would be a balance in favor of 1879 of $4,484 16.

As the Cash Statement does not show the actual expenditure on many important accounts to the close of the year the following entries, taken from the transfers to close, will supply that deficiency, i. e.,—

Street Repairs	$17,136 36
City Police	9,987 47
Charges	5,152 64
Street Lighting, 14 months	3,846 32
Legal expenses	610 00
Water Works	16,222 13
	$52,954 92

The difference between the actual expenditure as above and the cash expenditure as shown in the Statement is $10,075 83, which will account for the bulk of the liabilities of the Corporation at this date (31st of December, 1879).

I have the honor to be, Gentlemen,

Yours, most obediently,

J. C. BALES, Auditor.

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

P. S.—For diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.00.
